

Application for International Sweetheart of Sigma Chi

Serving as the Sigma Chi Fraternity International Sweetheart provides a unique opportunity for a female student to visit campuses throughout North America, meet hundreds of undergraduates and alumni, participate in enjoyable and educational events, and contribute to and benefit from a number of positive experiences that provide opportunities for educational and personal growth.

The undergraduate representatives at this year's Grand Chapter, which will take place from June 27 to 30, 2019, in Salt Lake City, Utah, will elect the 36th International Sweetheart of Sigma Chi. Each undergraduate chapter is strongly encouraged to nominate its sweetheart as a candidate for this prestigious honor and role as the 2019 to 2021 International Sweetheart. Regardless of whether your sweetheart is selected, your nomination packet will be a tribute to the many ways she has affected your members, and something she will cherish for a lifetime.

A note from Allisen Hagemeyer, 2017 to 2019 International Sweetheart

I am incredibly honored to welcome you into the journey of an International Sweetheart applicant. First and foremost, congratulations on being nominated by your chapter! It is a gift from your brothers that you will cherish for the rest of your life. The nomination alone speaks to the impact you have made in their lives. Through your position as chapter sweetheart, you have earned their love and respect as they now believe you are worthy of representing their brotherhood on a bigger stage. From one Sweetheart to another, thank you for the dedication, time, and love you have given to Sigma Chi thus far.

Serving as the 2019-2021 International Sweetheart is a once in a lifetime opportunity. You will have the immense responsibility of representing the Fraternity for two years by acting as its female ambassador and speaking on behalf of sweethearts throughout North America. You will witness how far and wide the bonds of their brotherhood travel. You will meet brothers and sweethearts from all walks of life, or as we like to say in Sigma Chi: different temperaments, talents, and convictions. You will gain an even greater appreciation for Sigma Chi through watching its values in action and seeing the way it shapes these men throughout their undergraduate years.

While you will represent Sigma Chi's values of friendship, justice, and learning, you will also have the opportunity to speak and promote issues that matter to you. For me, my platform was obvious. It stemmed from my story with my chapter and where my love for Sigma Chi began. I was diagnosed with Acute Myeloid Leukemia in my sophomore year of college. My chapter at the University of Cincinnati was my support system

through the healing process into life as a cancer survivor. Seeing my brothers rally for a cause that became so close to my heart fueled my fire to support Huntsman Cancer Institute (HCI). Serving as an ambassador for HCI has led me to who I am today and continues to strengthen my love for this Fraternity. Your platform may not be so obvious. I urge to use your personal experiences and your relationships with your brothers to find what is right for you. Whether it is philanthropic issues that pertain to undergraduates, or issues that pertain to women specifically, it is up to you to find your voice. Having the opportunity to positively impact thousands of undergraduates is extremely rewarding. In these two years you will grow, learn, push yourself, and ultimately love this fraternity in ways you never imagined.

I encourage you to stay true to yourself in your application and through this journey. Share your story with Sigma Chi, your passions, and how you hope to impact the future of the Fraternity. I remember being intimidated and nervous completing my application at this time two years ago, just remember your chapter nominated you for a reason. I will be there for you every step of the way. Please do not hesitate to reach out with any questions about the position or application. I am looking forward to learning more about you!
