A Lifelong Commitment

More than **350,000** men have been initiated into Sigma Chi. Our Fraternity has the most robust alumni presence in the Greek-letter world with **129** alumni groups, **117** alumni chapters and more than **40,000** Life Loyal Sig members. Thanks to our alumni, the **Sigma Chi Foundation** provides more educational and academic scholarship support for our members than any Greek-letter organization.

Leadership & Growth

With the state of Illinois' recent approval of the **Sigma Chi Leadership Institute** as a licensed educational institution, Sigma Chi became the first and only Greek-letter organization to be able to provide certified educational programming to our members. Beginning fall 2020, members will have the opportunity to earn one of five leadership certificates from Sigma Chi along with the degree attained from their campuses.

Philanthropy & Awareness

Through our partnership with the Huntsman Cancer Institute and other regional charities, our chapters provide more philanthropic dollars than any other Greek-letter organization — **more than \$4.2 million during the 2019 to 2020 academic year despite issues and cancellations due to COVID-19**. Sigma Chi also partners with Alpha Delta Pi Sorority and the Max Gruver Foundation to combat issues of hazing on our campuses.
