TRANSFORM YOUR SKILLS.

SIGMA CHI'S LEADERSHIP CERTIFICATES ARE DEVELOPED TO SHARPEN THE LEADERSHIP AND CAREER SKILLS OF SIGMA CHI MEMBERS.

In 2019, Strada Consumer Insights and Gallup released a report with data from more than 1,300 hiring managers that yielded the following key findings that support WHY Sigma Chi developed The Transformational Leader program and stackable certificates:

Employers found that the key is to hire people with skills in leadership, critical thinking and data analysis who possess a strong work ethic;

75% of hiring managers fail to see the connection between school and job performance;

Employers prioritize technical and interpersonal skills above degrees;

77% of hiring personnel would consider hiring somebody with soft skill competencies over desired degree.

GROUNDBREAKING.

Sigma Chi Leadership Institute achieved accreditation candidacy, a layer of certification that separates Sigma Chi's experience on your campus. Its vision is dynamic and is getting noticed by its partners!
