A Foundation for Sigma Chi

80 year milestone reached in 2019

With the launch of a revolutionary Individual leadership program, Horizons, in 1999, an organization built to provide scholarships and educational space grants in post-war America had slowly become the most successful Greek-letter Fraternity foundation in North America.

Twenty years later, as the Sigma Chi Foundation marks its 80th anniversary, a new groundbreaking leadership learning continuum and growing scholastic funding have widely surpassed the initial mission established by a group of men in 1939.

As Sigma Chi collectively ***expects more*** from its chapters and alumni with a vision focused on leadership, the Foundation's mission to develop funds to support the Fraternity's continued growth has never been more important than it is today.

Late Foundation President and Order of Constantine Sig Merrill E. "Boz" Prichard, **ILLINOIS 1948**, once noted: "The history of the Sigma Chi Foundation is the story underlined by the dedication of many tireless, generous, visionary brothers whose primary interest from the first days in 1939 to the present has been to benefit Sigma Chi undergraduates in the most effective manner within the framework of its constitution, bylaws and IRS regulations."

Today, the Sigma Chi Foundation remains the standard for excellence within the Greek world.

With origins dating back to 1895, updated through various Grand Chapters and ignited by the creation of an Endowment Commission in 1934, a group of hard working alumni brothers established the Foundation in 1939.

Programs such as Horizons Huntsman Leadership Summit (above), which marks its 20th anniversary this summer, have directly benefited through the generosity of donors to the Sigma Chi Foundation.

Its purpose was to provide an endowment fund that took great precedence as the Fraternity entered the 20th century.

Fast forward 19 years into the 21st century, the Sigma Chi Foundation has funded scholarships for more than 6,000 members and, in the past 10 years, delivered more than \$30 million in grants and leadership programming support to Sigs.

--- BEGINNINGS

The idea of an endowment was fully embraced by the 29th Grand Consul, Lloyd G. Balfour, **INDIANA 1907**, during his 1937 to 1939 term. Balfour made it a key point of his address during the 44th Grand Chapter in Los Angeles in August 1939.

A lengthy, 16-page report presented by commission head

A leadership group (pictured in 1947, from left clockwise) that included Romain C. Hassrick, **BUCKNELL 1907**; Rear Admiral Robert D. Workman, **WOOSTER 1913**; 32nd Grand Consul Ben S. Fisher, **ILLINOIS 1913**; Roy W. Peet, **MISSOURI 1919**; 40th Grand Consul Richard S. Doyle, **GEORGE WASHINGTON 1917**; John Alden Towers, **MISSOURI 1916**; 38th Grand Consul J. Dwight Peterson, **INDIANA 1919** and Fred Millis, **HANOVER 1911**, along with Raymond H. Fogler, **MAINE 1915**, and 29th Grand Consul, Lloyd G. Balfour, **INDIANA 1907** (not pictured), were crucial to the first quarter century of the Sigma Chi Foundation.

Frank McDonough Jr., **DARTMOUTH 1907**, and co-signed by four others including 32nd Grand Consul Ben S. Fisher, **ILLINOIS 1913**, and 39th Grand Consul Edward S. Farrow, **MIT 1920**, culminated in the overwhelming approval for the creation of an Endowment Foundation.

November 9, 1939, saw McDonough, law partner Frank L. Grant, **PURDUE 1889**, and Dr. Joseph F. Bowers, **OHIO STATE 1889**, jointly file the necessary papers in Denver, Colorado to gain certification for the new Sigma Chi Foundation.

The first formal board meeting was held in October 1940. Within 18 months, the United States would be in the midst of a great war, and the Foundation persevered with a primary focus on student aid.

A *Magazine of Sigma Chi* article from Balfour in 1943 served as the Foundation's report for that year, and was a call to action that gained

response in the years that followed including the implementation of a \$25,000 club.

The leadership of brothers such as Fisher, Balfour, 40th Grand Consul Richard S. Doyle, **GEORGE WASHINGTON 1917**, John Alden Towers, **MISSOURI 1916**, and 38th Grand Consul J. Dwight Peterson, **INDIANA 1919**, were crucial to the first 25 years of the Foundation's development and mission, orchestrating the initial output of scholarships and Fraternity support.

It was a campaign orchestrated by another early leader, Significant Sig Rush H. Kress, **BUCKNELL 1900**, however, that provided the concrete base for the Foundation assets.

Kress provided an initial \$100,000 donation in 1947 to launch the organization's first fundraising campaign. These Kress Funds, as they were known, significantly bolstered the Foundation's assets.

Over the following three decades, the Foundation implemented undergraduate scholarships, began annual support of the Leadership Training Workshop and creation of the Peterson Significant Chapter Award and oversaw a permanent move to the current J. Dwight Peterson Sigma Chi International Fraternity Headquarters in Evanston, Ill. as well as receipt of Sigma Chi's founding site property in Oxford, Ohio.

Much of this progress was made under the leadership of Peterson, who served as Chairman of the Foundation's Board of Governors for 20 years, Order of Constantine and Significant Sig Bill Bringham Sr., **ILLINOIS WESLEYAN 1946**, who guided both Fraternity and Foundation operations from headquarters for decades, and Prichard, whose term as President totaled eight years.

Through the 1980's, prominent leaders and Significant Sigs Carl P. Clare, **IDAHO 1927**, Goff

Sigma Chi Foundation leadership and Sig alumni take in a game of bowling at the White House's Harry S. Truman Bowling Alley in 2017. Regional alumni engagement events, such as the annual White House visit in Washington, D.C., have cultivated awareness among alumni and support for Sigma Chi leadership programming and academic scholarships provided by the Foundation.

80 YEARS continued

Smith, **MICHIGAN 1938**, Houston Oilers and Tennessee Titans owner Bud Adams, **KANSAS 1944** and John D. Peterson, **INDIANA 1955**, were among the faces of Foundation work that included the implementation of the Balfour Fellowship Program and increased scholarship funding through the support of brothers such as Significant Sig Mark P. Herschede, **CINCINNATI 1940**.

BUILDING LEADERS

With the second-generation Peterson leading the board and Frank Raymond, **PENN STATE 1971**, in the role of President, the Foundation's focus shifted from a concentration on academic scholarships and grants towards the development and implementation of leadership educational programs.

In 1997, the Foundation received its first grant from the Balfour Foundation to underwrite educational elements of the Balfour Leadership Training Workshop.

The late nineties saw the launch of Horizons, an revolutionary individual-based leadership program in the mountains of Snowbird, Utah.

Thanks to the support and funding of the late Significant Sig and Houston Texans owner Bob McNair, **SOUTH CAROLINA 1958**, 64th Grand Consul Keith Krach, **PURDUE 1979**, Significant Sig Bill George, **GEORGIA TECH 1964**, Significant Sig Chuck Watson, **OKLAHOMA STATE 1972**, and others, the program increased to four successful sessions annually through 2014.

The program received its biggest boost to date in November 2014, when the late Significant Sig philanthropist Jon Huntsman Sr., **PENNSYLVANIA 1959**, made a \$5 million commitment to support portions of the program through 2024.

Today, almost 20 years after its debut, five annual sessions of Horizons are set to further impact undergraduate brothers from across the United States and Canada.

Following the launch of Horizons, the new millennium saw the Foundation increase its support of leadership and drug and alcohol education programs.

In 2006, on the heels of a major capital campaign, Watson became Chairman with former NASA astronaut and Significant Sig Greg Harbaugh, **PURDUE 1978**, guiding operations as President.

The year 2007 saw the Foundation Board adopt a new strategic plan to move the Foundation towards a leadership and scholarship vision, and, in spite of an economic downturn, the Foundation met its funding commitments and helped launch the Sigma Chi Journey leadership retreat programs and the Thomas Cowan Bell Chapter Challenge.

The addition of regional development officers helped further engage alumni to support the implementation of the Donor-Scholar Program, improvements to the Historical initiative and an updated wave of programs to tackle drug and alcohol abuse, suicide prevention and mental health awareness, as well as combating hazing and preventing sexual misconduct.

Over the last five years, new faces of leadership

have emerged as the Sigma Chi Foundation partnered with the Fraternity for the launch of a new online leadership training module, formerly known as Sigma Chi U, and new member education program, Preparation for Brotherhood.

Board Chairmen and Significant Sigs Bob Johnson, **MIAMI (OHIO) 1969**, and Joe Durzo, **SYRACUSE 1967**, have led the most active Board of Governors roster in organizational history, with Ashley Woods, **EAST TENNESSEE 2000**, guiding a growing development team as President and CEO.

The future of the Sigma Chi Foundation directly aligns itself with the future of Sigma Chi. A joint strategic plan and campaign, reminding members to "*Expect More*" of themselves as leaders in life, will see the launch of the Sigma Chi Leadership Institute, encompassing a leadership learning continuum of programs that educate undergraduate and alumni members on important issues facing Greek-letter life today as well as growth and leadership.

Academic scholarships eclipsed the \$1 million mark, including chapter-specific awards, for an individual award year for the first time in history, and a goal of \$3 million annually to impact undergraduate and graduate members is expected to be reached within the next decade.

The result of a vision that began more than 80 years ago is aligned and focused on leading the Greek-letter world.

As the Foundation and Fraternity partner to set the standard of leadership and *Expect More* from collegiate organizations in the United States and Canada, the future of the Sigma Chi Foundation appears bright indeed.

Magazine advertisements highlighting leadership during the World War II era were typical for the Foundation during its formative years.

One of the biggest advocates for the Foundation, 29th Grand Consul Lloyd G. Balfour, **INDIANA 1907**, would see his Sigma Chi legacy further flourish after he entered Chapter Eternal thanks to the support of his Foundation for Sigma Chi programs.

Academic scholarships and educational space grants were a major focus of the Sigma Chi Foundation in its early years.

"Throughout my life I have been dealt an exceptional amount of adversity. At age 15, I began to support myself as I moved out as my parents were no longer a part of my life. Since then, I have been committed to personal growth as I attained my Fire Suppression Degree along with my current endeavors of graduating from Oregon State. With this assistance, I have been given the opportunity to take further advantage of what Oregon State has to offer. This award shows that The Sigma Chi Fraternity and my support group have faith in me and my goals."

MAKE YOUR MARK ON SIGMA CHI'S FUTURE

Whether it's world-class leadership programming, including Sigma Chi's groundbreaking online educational platform, academic scholarships or operational support, gifts to the Sigma Chi Foundation impact each aspect of the Sigma Chi mission.

On average, the Sigma Chi Foundation generates more revenue, provides more program support and directs more of it to leadership and scholarships than any other Greek fraternity or sorority Foundation, but there is much more to be done.

With your support, we can further impact the Fraternity and our young brothers as we expand our overall efforts in leadership and scholarship support over the next decade.

LIFE LOYAL SIG (ANNUAL FUND)

Increases in funding, along with the addition of Sigma Chi's more recent leadership training modules such as the eight-week Preparation for Brotherhood online pledge education program through Sigma Chi U, serve as evidence of the work sponsored through annual fund donations.

The Annual Fund supports every facet within Sigma Chi from programming and scholarships to operations and headquarters/historical facility maintenance.

PLANNED GIVING

One of the most enduring ways a brother or friend can demonstrate support for the Fraternity is by making a planned gift in support of Sigma Chi.

Planned gifts provide direct financial support to the Foundation upon a donor's passing, funding important initiatives and allowing a donor to leave a lasting impact. Planned gifts may also provide a meaningful tax benefit during a donor's life and to his estate.

DONOR-SCHOLAR INITIATIVE

The Sigma Chi Foundation's Donor-Scholar Initiative provides a naming opportunity to interested alumni who wish to directly support the Foundation's expanding scholarship program.

Donors contributing to this effort at an endowment level (a one-time gift of \$25,000) will

have an annual academic scholarship named for themselves, or an honoree, for a minimum of 30 years.

HISTORICAL SPONSORSHIP

Founded in 2005, the Sigma Chi Historical Initiative oversees the care and preservation of the Fraternity's historical collection including the new Chuck and Kim Watson Museum of Sigma Chi, and the monuments and memorials of our Fraternity.

Opportunities include exhibits and artifacts within the Watson Museum, Founders' displays within J. Dwight Peterson International Fraternity Headquarters, archival preservation efforts and displays at the newly renovated Sigma Chi Founding Site in Oxford, Ohio.

For more information on these opportunities, or to make a gift, please refer to the attached letter and donation form included with this newsletter or visit the Foundation's web site:

INVESTING IN THE NEXT GENERATION OF LEADERS

Did you know?

Sigma Chi awarded a record \$1 million in academic scholarships, including chapter-specific awards, for the 2018 to 2019 academic year. Borna is among 309 individuals to receive aid thanks to each of you who give back financially to Sigma Chi.

“Sigma Chi’s Medical Scholarship not only assists me financially, in my pursuit of a Doctorate in Dental Medicine, but gives me an extra boost of motivation to be the best leader that I can be. ... I attribute much of my success academically to those values instilled in me during pledgship. Everyday, during every study session, while attending to every patient, I strive to be the best version of myself and uphold the standards worthy of a Sigma Chi.”

Borna Ansari, **BRITISH COLUMBIA-SIMON FRASER 2012**
